

ASSOCIATION DES ART-THÉRAPEUTES DU QUÉBEC

Hester Katz Memorial Award

Art therapy students

This 300\$ award was created by the AATQ to honour the memory of one of our founding members and the creator of our logo. In recognition of Ms. Katz's desire for excellence, this grant is awarded to an art therapy student for the achievement of a high quality research paper. To be eligible, candidates must meet the following admissibility criteria:

-
- Be a student member of the AATQ.
- Be a Québec resident.
- Be registered in an art therapy program recognized by the AATQ
- Three anonymized copies of their paper must be submitted.
- The following information: name, address, phone number and email address, will be written on a separate sheet and sent in the same envelope as the three anonymized copies.
- Candidate must include signed consent allowing the AATQ to share the research on one or several of its communication platforms (web site, communiqué, bulletin de liaison, etc.)
- The project must be pertinent to the field of art therapy; all research methodologies are admissible (theoretical, clinical, experimental (qualitative or quantitative), case study, literature review, etc.).
- The paper must be written within the preceding year and must not have been submitted for another AATQ award.
- When possible, visual supports are recommended (art works, tables, diagram, etc.).
- For clinical research, it is the candidate's responsibility to get the appropriate consent needed for publication.
- The written text must be 10 to 20 pages, double-spaced, excluding appendices and references, and must respect APA style and formatting.
- The research can be submitted either in French or in English.

The research papers submitted will be evaluated anonymously by a jury committee composed of three professional members of the AATQ, selected by the Education and Research Committee. Comments will remain confidential and the jury's decision will be final. The award will be presented at the next annual general assembly. The submission deadline is the first of June, postmark acting as proof.

To all AATQ student members, this is a great opportunity to share the results of your efforts and by doing so, contributing to the development of the broad domain of art-therapy!

Mail your submission to:
